Dear Soroptimist International Union of Norway,

RE: APRICIATION FOR ACADEMIC SPONSORSHIP

As I graduate today, I would like to sincerely thank you for selecting me as the recipient of your education grant for the year (2018-2019) and (2019-2020) academic years. I am writing to express my deepest gratitude for your generous financial help towards my academic goals. As a recipient of the academic grant, I was able to spend more time on my studies and realize my dream of becoming a lawyer. Thank you again for believing in me and for the long – lasting impact you have created on my life goals. As I prepare to go to Kenya School of Law for the Advocates Training Program next year I humbly request that you continue to hold my hand and help realize my dream of becoming an Advocate of the Law.

Yours Faithfully, Sybil Emory.

Takke brev og bilder fra Diana som er ferdig med utdanning innen hotellfag i Mombasa.

Dear sir /madam,

REPORT ON HOW AM DOING WITH MY STUDIES

Am doing well with my studies thank you for the support. I have learnt a lot in my course of study which is Catering and Accommodation Operations in Craft module two at St. Therese Training Center. I have learnt how to prepare different meals in the kitchen, how to serve customers in the restaurant and now learning more on front office, housekeeping and laundry services.

We were doing well but suddenly Covid came about and all schools were closed down on 15th March 2020. While at home the school supported distance learning by providing google classrooms and a mini

library online that has been useful through all this time. I was given notes, assignments online by my lecturers and was encouraged to never give up.

I resumed school on 4th Nov, 2020 and am preparing for my final exams in January 2021, consulting what I don't understand and what I never got well during online classes is being clarified to me. Most of all following guidelines and measures to be always safe from Covid-19.

Thank you for the support God bless you!

Your's faithfully
